For reasons of economy, this document is printed in a limited number. Delegates are kindly asked to bring their copies to meetings and not to request additional copies.

RECOGNIZING FURTHER the provision in regulation 3.8 of the Financial Regulations concerning supplementary estimates and the past practice of the Assembly in authorizing the Council to approve any necessary recalculation of the appropriations for the second year of the biennium,

Advances made from these Funds to finance budgetary appropriations during a financial period shall be reported to the Council immediately and reimbursed to each respective Fund as soon as, and to the extent that, income is available for that purpose;
5. AUTHORIZES the Council, at its relevant sessions, to review the approved results-based budget and, if it decides it is necessary, to approve any transfers between strategic results, including appropriate recalculation of the budget estimates and assessment figures, in the light of the budgetary and exchange rate situation prevailing at that time;
