MSC/Circ.1153
MEPC.6/Circ.10
31 December 2004

NATIONAL CONTACT POINTS FOR SAFETY AND POLLUTION PREVENTION

1 The Maritime Safety Committee, at its sixty-seventh session (2 to 6 December 1996) and the Marine Environment Protection Committee, at its thirty-eighth session (1 to 10 July 1996), approved the issuance of a new circular (MSC/Circ.781 - MEPC.6/Circ.2) combining the lists of addresses, telephone and fax numbers and electronic mail addresses of national contact points responsible for safety and pollution prevention.

2 The present circular is an updated version of MSC/Circ.1103 - MEPC.6/Circ.9, and contains information received by the Secretariat up to the date of this circular and consists of the following annexes:

- Annex 1 - amalgamated list of national inspection services - head offices (originally MSC/Circ.630), national inspection services - local offices (originally MSC/Circ.630), inspection services acting as representatives of flag States for port State control matters and responsible authorities in charge of casualty investigation (originally MSC/Circ.542), as well as the Secretariats of Memoranda of Understanding on Port State Control; and
- Annex 2 - list of national operational contact points responsible for the receipt, transmission and processing of urgent reports on incidents involving harmful substances including oil from ships to coastal.

3 Member Governments are invited to:

- inform the Secretariat of any changes or additions to the annexes;
- provide information on addresses, telephone, fax numbers and electronic mail addresses of inspection services acting as representatives of flag States in case of port States interventions; and
- notwithstanding the provisions of the 1974 SOLAS Convention, as amended, with regard to communication of an intervention, port State Authorities are requested, in order to expedite communications, to additionally convey information, related to port State control interventions, to those flag State inspection services - Head Offices - listed in annex 1 or to the inspection services acting as representatives of flag States, when available.

4 The two annexes mentioned above are also available on the Internet as follows: **<http://www.imo.org>** (select '**IMO Circulars/Contact points**' or '**National Contacts**'). The lists on the Internet will be up-dated as changes and amendments are received, but the printed copy of the list will only be revised and re-issued annually. To facilitate the incorporation of any changes to the existing entries, the Secretariat should be advised as follows:

1 Updating of annex 1 of the circular:

Maritime Safety Division
4 Albert Embankment
London SE1 7SR

Fax: +44 (0) 20 7587 3210
E-mail: bmcastex@imo.org

2 Updating of annex 2 of the circular:

Marine Environment Division
4 Albert Embankment
London SE1 7SR

Fax: +44 (0) 20 7587 3210
E-mail: jmitchell@imo.org

ANNEX 1
CONTACT ADDRESSES OF RESPONSIBLE NATIONAL AUTHORITIES
Ships' inspection services and Casualty investigation services
(including Secretariats of Memoranda of Understanding on Port State Control)

ANNEX 2

LIST OF NATIONAL OPERATIONAL CONTACT POINTS RESPONSIBLE FOR THE RECEIPT, TRANSMISSION AND PROCESSING OF URGENT REPORTS ON INCIDENTS INVOLVING HARMFUL SUBSTANCES, INCLUDING OIL FROM SHIPS TO COASTAL STATES

1 The following information is provided to enable compliance with Regulation 26 of Annex 1 of the International Convention for the Prevention of Pollution from Ships, 1973 as modified by the Protocol of 1978 relating thereto (MARPOL 73/78) which, *inter alia*, requires that the shipboard oil pollution emergency plans shall contain a list of authorities or persons to be contacted in the event of an oil pollution incident. Further, the Guidelines for the Development of Shipboard Oil Pollution Emergency Plans published by the International Maritime Organization requires that shipboard oil pollution emergency plans should include, as an appendix, the list of agencies or officials of administrations responsible for receiving and processing reports as developed and up-dated by the Organization in compliance with Article 8 (Reports on incidents involving harmful substances) and Protocol I (Provisions concerning Reports on Incidents Involving Harmful Substances) of MARPOL 73/78. Requirements for oil pollution emergency plans and relevant oil pollution reporting procedures are also contained in Articles 3 and 4, respectively, of the International Convention on Oil Pollution Preparedness, Response and Co-operation (OPRC), 1990.

2 Attention is drawn to the Guidelines for the Development of Shipboard Oil Pollution Emergency Plans, which stipulates that "in the absence of a listed focal point, or should any undue delay be experienced in contacting the responsible authority by direct means, the master should be advised to contact the nearest coastal radio station, designated ship movement reporting station or rescue co-ordination centre (RCC) by the quickest available means".

3. Under Article 8 of MARPOL 73/78, each Party to the Convention shall notify the Organization with complete details of authorities responsible for receiving and processing reports on incidents for circulation to other Parties and Member States of the Organization.

4 The List of National Operational Contact Points which is being issued as an MEPC circular has been compiled from information provided by Member States in response to the OPRC Questionnaire or directly, with amendments to the list. The information presented with an asterisk has been supplied by the International Tanker Owners Pollution Federation Limited (ITOPF). This document updates the previous list issued as MEPC 6/Circ.9 dated 31 December 2003.

5 The List of National Operational Contact Points is available on the Internet and can be accessed as follows: <http://www.imo.org> (select 'IMO Circulars/Contact Points' or 'National Contacts')

*The version of the list on the Internet will be updated as amendments are received **and will have on page 2 a summary indicating the country entry changed since its last update.** The printed copy of the list will be up-dated and re-issued annually*

6. On receipt of this latest version, and in order to maintain an accurate list, it is necessary that authorities check their respective entry for any inaccuracies, amendments, or updates and inform the IMO Secretariat immediately, at:

Marine Environment Division, 4 Albert Embankment, London SE1 7SR, United Kingdom
Fax: +44 (0)20 7587 3210 E-mail: jmitchell@imo.org

CANADA

The master or owner of a ship must report, without delay, any discharge or anticipated discharge of a pollutant to a Pollution Prevention Officer (PPO). These initial reports should be made to any Marine Communications and Traffic Services (MCTS) Centre on the frequencies listed in the publication, Radio Aids to Marine Navigation (RAMN) - DFO 5470 (Great Lakes and Atlantic) and DFO 5471 (Pacific).

In addition to the above process for reporting spills from a ship to PPO's through Marine Communications and Traffic Services (MCTS), the Canadian Coast Guard maintains a 24-hour Duty Manager alerting process which can be contacted at the numbers listed below.

Canadian Coast Guard
Safety & Environmental Response Systems
Marine Programs
Department of Fisheries and Oceans
200 Kent Street, 5th floor
Ottawa, Ontario K1A 0E6

Tel: +1 613 751 0605 (24 hrs)
Fax: +1 613 998 0434 Note: This number is operational on a 24-hr basis but is only monitored during business hours.
