- 1 The Maritime Safety Committee, at its eighty-second session (29 November to 8 December 2006), with a view to providing more specific guidance for vague expressions such as "other means", which are open to different interpretations contained in IMO instruments, approved the unified interpretations of SOLAS chapter V prepared by the Sub-Committee on Safety of Navigation, as set out in the annex.
- Member Governments are invited to use the annexed unified interpretations as guidance when applying relevant provisions of SOLAS chapter V to construction, installation, arrangements and equipment to be installed on board ships on or after 1 July 2007 and to bring the unified interpretations to the attention of all parties concerned.
